

ELECTRIC HANGING SCALE KW-3T

FEATURES

- The robust construction made of steel and aluminum promises a long use.
- The practical remote control provides convenient control from the ground.
- The integrated hold function allows values to be stored temporarily.
- The crane scale has an overload warning for safe use.
- The sustainable power saving mode significantly extends the runtime of the device.
- The anti-jitter function eliminates clock jitter and increases the measurement accuracy.
- The integrated overcharge protection prevents damage to the battery.

GENERAL

Type	Unit	Value
Dimensions (WxDxH)	"	7.76 x 10.23 x 17.91
Weight	lbs	25.35
Housing (WxDxH)	"	7.76 x 10.23 x 5.31
Shackle notch	"	3.74
Hook notch	"	1.57
Material housing		Aluminium
Material hook		Steel alloy

MEASURING DEVICE

Type	Unit	Value
Max. measuring range	lbs	6613
Maximum load	lbs	8267
Breaking load	%	200
Zero range	%	4
Display		Green LED light
Tare function		Up to 100 %
Working range room temperature	°F	-4 – 122

BATTERY

Type	Unit	Value
Runtime	h	50
Battery type		Li-Ion
Battery capacity	V / Ah	6 / 4.5

CHARGER

Type	Unit	Value
Voltage	V	9
Electric current	mA	1000

REMOTE CONTROL

Type	Unit	Value
Type		Infrared
Range	ft	3.28
Batteries		2 x AAA
