

BASKET FOR FORKLIFT TRUCKS

CHARACTERISTICS

- The large platform provides space for 2 people.
- The 4 swivel castors can be unscrewed if necessary.
- The parking brakes on 2 of the swivel casters allow for uncomplicated storage.
- The 110 cm long safety chain, which can be placed around the forks of the forklift, ensures your safety.
- The high mesh rear wall and the sturdy railing create additional safety during work.
