

INDUSTRIAL LIFTING MAGNET LHM6 / LHM10

CHARACTERISTICS

- The compact lifting magnet enables heavy goods to be lifted without effort.
- Flat sheets to round metal workpieces can be lifted thanks to the V-shaped recess.
- The compact design and lightweight materials make the device easy to handle.
- The lever technology of the lifting magnet allows you to use the device without external power supply.

Type	Unit	LHM6	LHM10
Width	"	8.3	9.1
Depth	"	13.8	16.1
Height	"	8.7	10.2
Shackle width	"	2.4	2.8
Lever length	"	9.4	10.5
Weight	lbs	44.1	72.8
Lifting capacity	lbs	1322.8	2204.6
Working temperature	°F	- 40 – 176
