

MATERIALLIFT ML400/3

CHARACTERISTICS

- Flexible height adjustment thanks to telescopic function
- Winch for precise height adjustment
- The swivelling side boom enable a stable and safe working method
- Easy transport thanks to four mounted castors
- Convenient transport size when folded

GENERAL

Type	Unit	Value
Max. Load	kg	400
Net Weight	kg	145
Lifting Function		Manual Winch

LOAD FORK

Type	Unit	Value
Length	mm	720
Width	mm	510

TRANSPORT DIMENSIONS

Type	Unit	Value
Mast Height	mm	2050
Width	mm	720
Length	mm	770

OPERATING DIMENSIONS

Type	Unit	Value
Chassis Height	mm	2050 - 3500
Chassis Length	mm	2100
Chassis Width	mm	760
Width with Side Outriggers	mm	1800
