

AIR PURIFIER LR800

CHARACTERISTICS

- Thanks to the smooth-running castors and the low weight of only 14 kg, the LR800 is mobile and quickly ready for use.
- For cleaning up to 800 m³ of air per hour and filtering 99.95% of allergens, aerosols, viruses, bacteria and odours from the room air.
- 4 coloured LED lamps indicate the air quality.
- Ideally suited for rooms up to 96 m².
- Various modes and power levels, as well as a child safety lock are available for selection.
- Easy operation via touch display or remote control.

TECHNICAL DATA

Type	Unit	Value
Brand		TecMaschin
Model		LR800
Dimensions (W x D x H)	mm	400 x 400 x 705
Colour		White
Weight	kg	14
Filter class		HEPA H13
Filter change interval	h	3000
Volume flow	m ³ /h	800
Noise emission	dB	≤ 66
Power	W	85
Mains voltage	V	230
Frequency	Hz	50
Room area	m ²	56 - 96
