

HYDRAULIC POST HOLE DIGGER EBM540

CHARACTERISTICS

- The practical post hole digger EBM540 can be mounted on tractors with a three-point hitch category 1
- The low dead weight allows easy mounting of the hydraulic device
- The matching power take-off shaft is included
- A slip clutch protects the engine and transmission from damage should the drill ever get stuck

DEVICE

Type	Unit	Value
Dimensions (WxDxH)	mm	750 x 1800 x 660
