

FLOOR STOP PARKING BOLLARD

CHARACTERISTICS

- Particularly robust parking aid, protects buildings and vehicles when manoeuvring
- Entry aid for trucks and other large vehicles, when backing into loading and unloading zones
- Made of weather-resistant, durable and hard-wearing steel
- The entry aid has an angled head section, which is an important aid when starting up
- Quick and easy to fit, using the bolt anchors supplied

TECHNICAL DATA

Type	Unit	Value
Height	mm	243
Length	mm	2972
Diameter	mm	Ø 159
Dead weight per beam	kg	58
Material thickness	mm	4
Entry angle	°	15
Material		Steel
Surface treatment		Galvanized
Range of application		Outdoors
Colour		Silver
Fastening		Mounting with bolt anchors
Product type		Impact protection beam
