

BATTERY HAND STRAPPING TOOL „PROFI“ HU-P1316

CHARACTERISTICS

- High efficiency through integrated clamping and locking function
- One-handed operation, due to the ergonomic placement of the buttons
- Low temperatures reduce the risk of injury during operation
- Pleasant rubber grip ensures good handling of the device
- Clamping force and welding time can be adjusted in several steps
- The robust material prevents damage from impacts and falls
- Sealing sleeves are not required

Type	Unit	Value
Model		HU-P1316
Colour		Blue
Dimensions	mm	340 x 130 x 118
Total weight	kg	3.1
Range of use		Indoors
Tension	N	600 - 4000
Tensioning speed	mm/s	100 - 200
Strip width	mm	13 - 16
Strip thickness	mm	0.4 - 1.2

BATTERY

Type	Unit	Value
Battery		Li-Ion
Nominal voltage	V	14.4
Nominal capacity	Ah	4
Charging time	h	1.5
Operating time	h	12
Mains voltage	V	230
Frequency	Hz	50
