

CONTAINER SEALS CP-85S & CP-85SB

CHARACTERISTICS

- For securely sealing containers when exporting or transporting goods, without the need for tools
- Optionally with serial number (CP-85S) or with serial number and barcode (CP-85SB)
- Double-sided with a unique consecutive number, double numbering on seal and cylinder
- Certified in accordance with ISO/PAS 17712:2013
- Tamper-proof, as it can only be removed with bolt cutters
- High tensile strength of >10 kN and particularly impact and tensile resistant

Type	Unit	Value
Model		CP-85S, CP-85SB
Dimensions	mm	22.6 x 22.6 x 84.8
Seals Total length	mm	110
Diameter of steel pin	mm	8
Individual weight	g	62
Outer material		ABS plastic
Inner material		Steel
Color		Yellow
Tensile strength	kN	>10
Breaking load	kg	>1000
Number of digits		6
Max. roof load	kg/m ²	80
